Oh King above all Kings
It's grace above all grace
The name above all names
Would die and take our place

And the same power that raised Christ from the dead
Now lives in us

There is no other in Heaven and earth
Who's strong enough to save
No other God or King would ever lay his own life down
There's no one higher
The one who bowed low has taken up his crown
Our liberating King, the one to set us free has come

Oh Lord above all Lords
Your every word is truth
And all your ways are faithful
Help us to walk in you

The Way, the Truth and Life
Jesus the glorified
Has broken every chain on us forever
