INTRO/TURNAROUND: F#m A D

F#m D A
Completely just and holy God
D A
Who from age to age forbore
F#m D A
All the blatant acts of evil hearts
D A
Unrelenting, in despair
Bm D F#m
While promising a son would come
Bm E/G#
The messiah from of old
Bm D F#m
And his bruised heel would crush the head
Bm E/G#
Of the serpent, cursed and cold

Our Perfect priest and sacrifice
For God's holy wrath toward sin
When the blood of bulls could not suffice
Christ absorbed it all in him
The righteous freely gave his life
And was buried in the earth
But our God has raised him from the dead
He will have the final word

The Spirit comes to testify
Of truth that we have heard
The wisdom of a sovereign God
That the foolish deem absurd
Convict us and convince our hearts
Astonish us with grace
The world is dead and dying fast
And we need to see Your face
